to evaluate and to improve the quality of the actuarial education program

---

### 1. Information

Name of the Course \_\_\_\_\_  
Semester \_\_\_\_\_

---

### 2. Course

The Course in total has been...

well structured

chaotic

too abstract

too concrete

interesting

boring

too easy

too difficult

Speed

too slow

too fast

Level

too high

too low

Topicality

prefer more

prefer less

The lecturer

was well prepared

was unprepared

responds well to questions

gave no answers

illustrates ideas clearly

gave no good illustrations

incomprehensible

---

### 3. Documents

The documents have been...

well structured

chaotic

too abstract

too concrete

too short

too long

too easy

too difficult

---

## Survey of the courses regarding the actuarial education program

This survey has been prepared by the "Actuarial Sciences for Africa" (ASA) to evaluate and to improve the quality of the actuarial education program

### 4. Exercises

Exercises aren't available

Exercises are desired

relevance to the course

well matching

poorly matching

Speed

too short

too long

Level

too easy

too difficult

the lecturer

good answers to the questions

no answers to the questions

The exercises have been useful for comprehension.

yes  no

### 5. Further Reading

There is no advice for further reading

Further reading would be useful

The recommended literature has been

essential for comprehension

yes  no

### 6. Overall Appraisal

I appraise this course as:

very good

inadequate

### 7. Commentary

Particularly good in this course has been ....

.....  
.....  
.....  
.....

Particularly bad in this course has been ...

.....  
.....  
.....  
.....

Suggestions for improvements
